Membership

Ashlee Guess-Richardson, BCCC Membership Director

How is it already August? Summer somehow flies by, the kids head back to school, calendars fill up again, and life settles into a new routine. It's a reminder of just how quickly time passes. One of the things I appreciate most about Beau Chêne is that, even when life gets busy, the Club gives us a reason to slow down. Whether it's an evening dinner when no one feels like cooking, a quick nine holes after work, or simply running into familiar faces who have become friends over the years, those moments often become the ones we remember most.

Working in membership gives me a unique perspective because I have the privilege of meeting so many wonderful people. While members join for different reasons, they all end up talking about the same thing: the people. The friendships formed here, the conversations shared, and the sense of community are what truly make Beau Chêne feel like home.

Join me in welcoming some of our newest members.

Chris & Adele Ikner

Chris and **Adele** Ikner are lifelong Northshore residents and are proud to call Mandeville home. Beau Chêne holds a special place in their hearts—they were married at the club and fell in love with both the community and neighborhood through that experience.

Chris works as a Financial Reporting Manager, while **Adele** is an Interior Architect for a luxury residential building company. In their free time, **Chris** enjoys golfing, **Adele** enjoys playing tennis, and their daughter, **Margot**, can usually be found swimming or enjoying chicken tenders by the pool.

The Ikner's are excited to raise their family in such a welcoming community and look forward to getting to know their fellow members while creating many lasting memories at Beau Chêne.

William & Kristin Macke

William and **Kristin** Macke are grateful to call Mandeville home. They work together at Macke & Company CPAs & Advisors, where they enjoy helping individuals and businesses with their tax and financial needs while building lasting relationships with their clients.

They have three children—**Emma, William,** and **Hudson**—who keep them busy with school, sports, and plenty of laughter. Their family also includes Teddy, their Goldendoodle, who is always ready for an adventure and loves being part of the fun. The **Mackes** enjoy traveling, cheering on their favorite teams, and spending time with friends and family, and are thankful to be part of such a wonderful community and look forward to making many more memories in Mandeville for years to come!

From the Manager

Jeff McKeithen, Club Manager
Executive Bourbon Steward

As we turn the page to August, it's hard to believe we're already preparing to say goodbye to another incredible summer. While the days are still long and the pool is still buzzing with activity, we are already looking ahead to an outstanding fall season at Beau Chêne Country Club.

We kick off the month in style on **Saturday, August 1st**, as we celebrate 50 Years of Duckhorn Vineyards with a spectacular **Duckhorn Wine Dinner.** This special evening will feature exceptional wines paired with an outstanding chef-inspired menu as we toast one of Napa Valley's most celebrated wineries.

The fun continues with **Poolside Bingo & Buffet on Friday, August 7th,** followed by something brand new the very next evening—our first-ever **Back-to-School Cafeteria Buffet on Saturday, August 8th.** We're bringing back the nostalgia of school lunch favorites with an elevated Beau Chêne twist that's sure to be a hit with both adults and kids. While the families enjoy dinner and fun games and activities, our golfers will also be competing in **MGA Event #5 that same day.**

Be sure to mark your calendars for **Bingo Night on Wednesday, August 19th**, one of our favorite monthly traditions that continues to bring members together for an evening of fun, laughter, and friendly competition.

The weekend of **August 21–22nd** promises to be one of the highlights of the month. Join us **Friday evening** for our popular **Speakeasy Happy Hour,** followed by our always-entertaining **Wagyu Weigh-In**, where we'll reveal the impressive tomahawk steaks that will headline **Saturday night's Tomahawks & 'Tinis Dinner.** If you've attended this event before, you know it is one you won't want to miss.

We're also excited to offer an informative and timely member event on **Wednesday, August 26th,** when **Dr. Elizabeth "Bitsy" Recupero** will present **"The Facts on Peptides."** Whether you're simply curious or looking to learn more about this growing topic in health and wellness, this promises to be an engaging presentation. Lite bites and cocktails will be included.

Golf remains busy throughout the month with the **BCCC Tournament Series #4** taking place on **Saturday, August 29th,** as players qualify for the **Labor Day Match Play Championship.**

Join us for an unforgettable **Labor Day Weekend.** From **Friday, September 4th,** through **Monday, September 7th,** we'll have a giant **waterslide at the pool, special lunch features** in the clubhouse, and plenty of opportunities to enjoy one last summer celebration with family and friends. Golfers can also look forward to the **Labor Day Match Play Championship,** taking place **September 5–7th.**

As always thank you for making Beau Chêne such a special place each and every day. Whether you're enjoying dinner with family, relaxing by the pool, competing on the golf course, or simply catching up with friends in the Oak Grill, your participation is what makes our club so vibrant.

We're looking forward to an amazing finish to the summer and an even more spectacular beginning to the fall season.

See you at the Club,
Jeff McKeithen
Club Manager &
Executive Bourbon Steward

Bill Burch

Originally from Lake Charles, **Bill Burch** recently returned to Louisiana after spending several years in North Carolina. He now proudly calls Madisonville home. **Bill** attended LSU School of Medicine in New Orleans before beginning a long and rewarding career in medicine.

Today, **Bill** is semi-retired and continues to work with Penn State in State College, Pennsylvania. While he enjoys staying involved professionally, retirement has also given him more time to pursue his favorite hobbies.

An avid golfer, **Bill** enjoys spending time on the course whenever he can. He has also developed a passion for fly fishing and enjoys exploring mountain streams while continuing to learn the sport. He looks forward to becoming more involved at Beau Chêne, meeting fellow members, and creating lasting friendships.

Ethan Marx
2026 Men's Stroke Play
Club Champion

Congratulations to Ethan Marx for capturing the 2026 Men's Club Championship. Ethan showed great consistency by shooting a pair of even par rounds on the Oak Course to win this year's Championship.

Ethan is a collegiate golfer at Nicholls State University and will be starting his junior season for the Colonels. Ethan had a scoring average of 75.1 this past season, while earning All Southland Conference All-Academic Team honors and a 3.9 GPA. Ethan was also the 2025 Kelly Gibson Tour player of the year. As a collegiate golfer, Ethan enjoys the competition and challenges that come in a tournament environment.

Shots of the Month

Congratulations to **Matt Faust** for making a hole-in-one on #5 Oak on July 8. Matt hit a Pitching Wedge from 105 yards which was witnessed by Tom Danos & John Pasqua.

Bob Gardsbane shot a score of 75 at 81 years old, as well as Joe Clark who is 85 years old shot a score of 79. Great job gentlemen!

Sportsmanship & Integrity

The game of golf is considered a game of honor. During our recent Club Championship, **Mike Slye** showed these characteristics. Following Saturday's 1st round, Mike realized he posted a score of 74 which was one shot out of the lead but he actually shot 75. Mike caught his mistake and reported it to the committee on Sunday morning, knowing it would disqualify him from the Championship. Great Example Mike!

RULE REVIEW OF THE MONTH USGA RULE #19.0!

Purpose of Rule: Rule 19 covers your relief options for an unplayable ball. This allows you to choose which options to use-normally with one penalty stroke-to get out of a difficult situation anywhere on the course (except in a penalty area).

19.1 You May Decide to Take Unplayable Ball Relief Anywhere Except Penalty Area
You are the only person who may decide to treat your ball as unplayable. Unplayable ball relief is allowed anywhere on the course, **except** in a penalty area.

19.2 Relief Options for Unplayable Ball in General Area or on Putting Green
You may take unplayable ball relief using one of the three options in Diagram 19.2, in each case adding one penalty stroke. (for diagram, please look up 19.2 in the USGA Rule Book)

Penalty for Playing Ball from a Wrong Place in Breach of Rule 19.2 General Penalty.

Look for More Rule 19 .3 next month!

Toby Thornton, Director of Agronomy

Moving into August, our team remains focused on delivering the best possible playing conditions despite the continued summer heat. We are closely monitoring turf health, managing irrigation efficiently, and staying ahead of insects and disease to keep the course in great shape.

Thank you for your patience during our recent aerification. While it can be disruptive in the short term, it plays a vital role in maintaining healthy turf and strong playing surfaces for the months ahead.

As temperatures begin to ease later this month, we'll begin shifting our focus toward fall preparations. The work we do now sets the stage for a successful season ahead.

Thank you to our agronomy team for their dedication during these demanding summer conditions, and thank you to our members for your continued support. We look forward to seeing you on the course.

Have a wonderful August!

The Truth About Peptides: *An evening with Dr. Elizabeth "Bitsy" Recupero*

Peptides are dominating today's health, fitness, and weight management conversations, appearing everywhere from social media feeds to medical weight-loss clinics. However, much of this buzz is driven by clever marketing rather than solid science.

GLP-1 medications, such as Semaglutide and Tirzepatide, are a specific type of peptide therapy designed to mimic natural gut hormones that regulate appetite and blood sugar. Extensively studied in large clinical trials, these medications are FDA-approved for diabetes and weight management. Their clinical benefits, including reduced appetite, increased fullness, and significant weight loss, are thoroughly documented.

Outside of GLP-1 medications, the landscape changes drastically. Many peptides promoted in the wellness and anti-aging spaces suffer from a lack of peer-reviewed research, inconsistent regulation, and highly variable product quality. This creates massive confusion, as experimental compounds are often hyped online as if they carry the same clinical weight as proven medical therapies.

Why This Matters

The rise of peptide therapy has created a confusing blur of legitimate science, clever marketing, and dangerous misinformation. Many of the compounds trending online present real risks because they are:

- Not FDA-approved for public use.
- Poorly studied in human clinical trials.
- Inconsistently manufactured, leading to quality and purity concerns.
- Hyped with extreme claims that far outpace actual scientific evidence.

At the same time, genuine GLP-1 medications are rapidly transforming how we treat obesity and metabolic health. This rapid shift makes it more critical than ever to learn the difference between what is clinically proven, what is purely experimental, and what is simply social media hype.

Join us for an exclusive evening with Dr. Elizabeth "Bitsy" Recupero as she Demystifies the Peptide Boom: Science vs Marketing.

Dr. Elizabeth "Bitsy" Recupero,
DO, MPH, MEd, DABOM, FACP, FACOI, FAAP, FACOP
Board Certified in Internal Medicine, Pediatrics, and Obesity Medicine.

When: Wednesday, August 26th
Where: BCCC Clubhouse
Time: 5:00 p.m. - Cocktails & Light Bites
5:30 p.m. - Presentation begins
Price: $18+ (special cocktails $5)
Registration: Reserve your spot today on the **BCCC app!**

You will learn who can truly benefit from these therapies, the potential risks involved, and how to separate internet myths from medical facts.

The Bottom Line

Peptides are not magic. GLP-1s are not simple weight-loss shortcuts. The actual science is far more complex than what social media influencers suggest. Our upcoming seminar is designed to give you the clarity, context, and evidence-based facts you need. Join us to cut through the marketing noise and navigate this rapidly evolving medical topic with total confidence, not confusion.

Sports Tip *by Matt Peale, Director of Personal Training*

Why Strength Training Matters for Golf, Tennis, and Pickleball

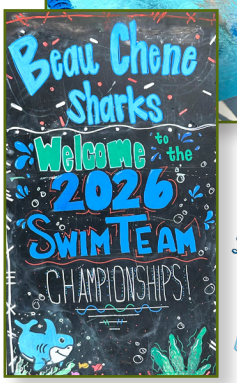

Practicing your strokes—whether for golf, tennis, or pickleball—is important, but practice alone is not enough. Strength training is one of the most important things you can do to create a more powerful and consistent game. Your swing depends on muscles working together to rotate, stabilize, accelerate, and control the body. If you are not strengthening those muscles at least twice per week at the Tennis & Fitness Center, you are leaving power and injury prevention on the table. Even with excellent technique, your game is limited by your current strength level.
Just as one cannot build a stronger body simply by playing more rounds or more matches, strength doesn't improve by only swinging the club, paddle, or racquet. Dedicated time lifting free weights is how serious athletes develop the total-body strength needed for faster swings, stronger serves, and more control late in a match or round. Compound lifts like squats, deadlifts, lunges, rows, and presses build strength from shoulders to feet—not just for sport performance, but also for daily life. Whether you are a golfer, tennis player, pickleball player, novice, or experienced competitor, hitting the weights is a game changer for your performance and longevity.

Lorri Filgas, Tennis and Fitness Manager

And just like that it's Back to School time! I hope everyone had a great summer with family and friends.I know we enjoyed spending extra time with your children.

A few Back to School Reminders:

For the health and safety of all children please remember to keep your child home if they are showing any signs of illness. They may return once they are fever and symptom free for 24 hours.
If you have started the potty training process, please inform us as check-in so we may assist you in the training.

Please refrain from allowing your child to bring electronics from home, we try to keep things screen free and encourage creative play. We look forward to another great year in Childcare.

Blair Touchard

It's hard to believe summer is already coming to an end! I hope everyone had a chance to relax, enjoy time with family, and spend plenty of time on the courts.

A big **thank you** to our amazing coaching staff—both returning coaches and our newest addition, Coach Davor—as well as all of our parents and junior players who made this summer such a success. It was great to see so much improvement, sportsmanship, and enthusiasm throughout our camps, clinics, and tournaments. Keep working hard, and I hope to see many of you competing this fall!

Adult Tennis

- **Ladies bootcamp** will be August 17th,18th,19th, 20th, and 21st. 9 a.m.-11:30 a.m.
- **Friday Morning Tennis** celebrated Wimbledon with great tennis and great company.
- Are you interested in **Monday Night Men's Tennis,** or **Friday Morning Tennis?** Contact the tennis shop—we'd love to have you.

John, Ty, Jim, and Ed Celebrate Wimbledon

- **Combo League** is underway. If you'd like to join a team, let us know soon!

Junior Tennis

- Junior clinics have resumed their regular Monday–Thursday schedule.
- Our next **UTR Tournament** is com ing up! Contact Bradley or the tennis shop to register and gain valuable match experience.

Pickleball

We're organizing teams for the upcoming Pickleball League! Please let us know if you would like to be on a team.

Thank you for your continued support of Beau Chêne Tennis & Pickleball. We look forward to a great fall season.

See you on the courts,
Coach Brad
