Finally, fall! I think I can safely speak for all of us when I say we are more than ready to say goodbye to the Louisiana summer heat and welcome some cooler weather. October is one of the best months to enjoy the Club!

We'll kick things off with our **Fall Community Concert** on **October 10th** featuring the band, ***Bottoms Up***. Bring your family and friends, grab a spot, and enjoy an evening of live music at the Club.

The following weekend, we're bringing something completely new to Beau Chêne Country Club. On **October 17th, Felix and Fingers Dueling Pianos** will be performing for our first-ever dueling piano night. Expect plenty of music, requests, and audience participation.

We're also hoping to take full advantage of the cooler evenings with two Friday **Happy Hours on the Patio**, **October 16th & 30th.** Chef Hosie will be cranking out some great small bites; we'll have drink specials and live music both evenings.

On **October 24th,** the **Wine Expo** returns and continues to be one of the most anticipated events of the year! This event is always extremely popular, so be sure to make your reservations early.

And we'll finish out October on **Saturday the 31st with Breakfast & Pumpkin Painting.** Bring the kids out for breakfast, pumpkin painting, and a photo booth to capture those costumes before the trick-or-treating that evening.

There is a lot happening around the Club this October and I hope you all can make plans to join us for some or all of it!!

Let's welcome our newest members!

Keith & Kimberly Zibilich

Keith and Kimberly moved to Old Town Madisonville in 2023 because they love the historic charm. They joined Beau Chêne in April 2026; **Keith** primarily for golf, but **Kimberly** is enjoying the health club and playing Mahjong. Since they both come from large New Orleans families, they made sure to build a home where they could host family and friends for long weekends. They also love the Northshore boating community, when they are not motoring the scenic Tchefuncte River, you can find them in the Florida Keys.

From the Manager

Jeff Bordelon, Club Manager

First and foremost, I would like to take this opportunity to thank everyone for welcoming me to the Beau Chêne family. It has been great getting to meet members of the community as well as the talented team of dedicated staff. I look forward to meeting each of you as we celebrate the many amenities this Club has to offer.

The rule also covers the role of the referees who are authorized to decide questions of fact and apply the Rules. Rulings from a referee or the Committee are binding on all players.

Rule 20.1 Resolving Rules Issues During Round

20.1a You Must Avoid Unreasonable Delay
You must not unreasonably delay play when seeking help with the Rules during a *round*.

If a referee or the *Committee* is not available in a reasonable time to help with a Rules issue, you must decide what to do and play on.

You may protect your rights by asking for a ruling in match play or by playing two balls in *stroke play.*

Toby Thornton, Director of Agronomy

October has arrived at Beau Chêne, bringing cooler mornings, great golf weather, and maybe a few ghosts hiding in the rough!

As turf growth begins to slow, our Agronomy Team will focus on fall course preparation, turf health, seasonal weed control, and other projects to keep both courses in great shape heading into cooler weather.

Please help keep course conditions from getting scary by repairing ball marks, filling divots, following cart signage, and respecting roped or restricted areas.

Thank you for your continued support of our hardworking crew. We hope you enjoy beautiful fall weather, great golf, and a spooktacular October at Beau Chêne!

See you on the course,

How to Stay Healthy when Life gets Hectic

Life rarely follows a predictable schedule. With the holidays around the corner, life will start feeling chaotic. Between work deadlines, family responsibilities and unexpected commitments, even the best intentions can easily be pushed aside. It is common to skip a workout when a meeting runs late or opt for fast food when time is limited. Fortunately, maintaining a healthy lifestyle does not require perfect conditions. Individuals who successfully maintain healthy habits can adapt when life becomes hectic.

Many people fall into an all-or-nothing mindset. If they cannot complete a standard hour-long workout, they bypass exercise entirely. If a single meal deviates from their plan, they consider the entire day a loss. This causes inconsistent habits and unnecessary guilt. A healthier approach is recognizing that doing something is better than doing nothing. A 15-minute walk, a brief bodyweight routine, or a simple, balanced meal successfully maintains your momentum.

One of the best strategies for chaotic days is establishing a "Plan B." Having a backup plan eliminates the stress of making last-minute unhealthy choices. Your alternative might involve a high-quality frozen meal, a protein-rich snack, or a 20-minute home workout. By planning for interruptions, you ensure consistency instead of abandoning your routine.

Proactive preparation also simplifies healthy choices. Stock your pantry with nutritious staples such as frozen vegetables, whole grains, eggs, and Greek yogurt. Keep nuts or fruit readily available to avoid relying on fast food. Similarly, scheduling workouts on your calendar or packing gym attire the night before and placing it at the ready removes roadblocks.

Physical activity does not always require a single, dedicated block of time. Look for opportunities to integrate movement throughout your daily routine. Take the stairs, walk during phone calls, or stretch before bed. These brief segments of movement accumulate and effectively counteract prolonged sitting. Multiple short activity breaks are very doable when time is limited.

Busy schedules frequently lead individuals to sacrifice sleep, yet insufficient rest diminishes energy and impairs decision-making. Protecting your sleep enhances your capacity to exercise, maintain dietary goals, and manage stress.

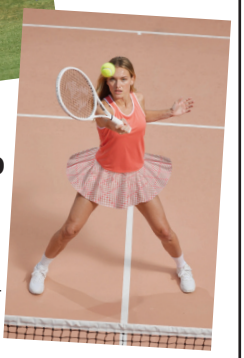

The most important habit to develop is learning how to recover from disruptions. Vacations, illnesses, children's activities and intense work weeks affect everyone. Missing a few workouts or eating unhealthy for several days does not erase months of healthy living. Long-term success comes from returning to your routine quickly, not from never getting off track.

Healthy living is about building flexible habits that can adjust as your life changes. When you prepare for busy days, embrace progress over perfection and keep a simple back up plan in place, you'll find it is much easier to stay consistent through those hectic days.

Learning from the Best!

Junior Tennis Clinic

Juniors beat the heat indoors.

Well, it's October—or as we like to call it here in Louisiana, "Still Summer."

Regardless, October is one of my favorite months of the year. Whether you're sweating it out on the tennis court or getting into the swing of pickleball, we've got a lot going on at Beau Chêne!

Adult Tennis

If you've noticed, it's been a little harder to snag a court lately, you're not imagining things. Between Northlake matches during the day and USTA matches running both day and night, our courts have been staying busy.

Please remember to book your courts in advance, especially if you're trying to squeeze in a match before dark.

And if your team needs a little help—whether it's drills, strategy, or just someone to confirm that your doubles partner is, in fact, standing in the wrong spot—our staff is here to help!

Junior Tennis

Parents, if your child has been hitting well in clinics and you think they're ready to play some matches, reach out to any of our tennis pros. We're always looking for opportunities to get our juniors more match play and help them gain confidence on the court.

We also host a UTR Junior Tournament once a month. If you'd like to know the upcoming dates, please contact Bradley at 985-302-1273.

Our afternoon junior clinics are going strong and are a great way to keep the kids active, improve their game, and off their phones for at least an hour!

If you haven't signed up yet, check with Lorri at the tennis desk for available programs and times.

Pickleball

Wednesday and Thursday nights are Pickleball League nights!

If you're planning to practice, be sure to book your courts ahead of time.

If you'd like to get involved with one of our pickleball clinics, you can sign up online or shoot me a message. We'd love to have you out there!

That's it for this month.
Have a safe, fun, and spooky Halloween!

Until next month,
Coach Brad
